Giving Official Recognition to the New Republic of Panama,

And Paving the Way for a Satisfactory Adjustment of the Affairs of the Isthmus--- Telegrams Sent to the U. S. Consuls on the Isthmus.

Washington, Nov. 6.—The following ...gram was sent by the state department today to Mr. Thurman, the acting consul general of the United States ... Panama:

"The people of Panama have, by an apparently unanimous movement, dissolved their present connection with the republic of Colombia, and resumed their independence. When you are satisfied that a de facto government, republican in form and without substantial opposition from its own people has been established in the state of Panama, you will enter into relations with it as the responsible government of the territory and look to it for all due action to protect the persons and property of citizens of the United States, and to keep open the isthmanian transit in accordance with the obligations of existing treaties governing the relations of the United States to that territory. Immediately forward an instruction was sent by telegram to Mr. Beaupre, the United States minister at Bogota, in the following terms:

"The people of Panama having by an apparently unanimous movement, dissolved their present connection with the Republic of Colombia, and resumed their independence, and having adopted a government of their own, republican in form, with which the government of the United States of America has entered the relations, the president of the United States in accordance with the ties of friendship which have so long and so happily existed between the respective nations, most earnestly commends to the governments of Colombia and of Panama the peaceful and equitable settlement of all questions at issue between them. He holds that he is bound not merely by treaty obligations, but by the interests of civilization to see that the peaceful traffic of the world across the isthmus of Panama shall not longer be disturbed by a constant succession of unnecessary and wasteful civil wars.'

REPUBLIC

Panama Established Pending the Appointment of New Officials.

Colon, Colombia, Nov. 6.—The government of the Republic of Panama last night, appointed Senor Perferio ...endez, civil and military governor of Colon, pending the appointment of new officials. Those of the old government have been impotent since the troops left. The prefect, Senor Cuadros, and the alcalde, Senor Guerrovo, are now nonenitities. They have not been arrested.

Governor Melendez has notified the officials that they may remain at their posts for the present, if they swear allegiance to the new republic. He has also notified the steamship agents that Colombian ports on the Atlantic, are closed to all arrivals.

A steam launch was despatched last night to capture Bocas Del Toro, in the interest of the new republic. No difficulties are anticipated there. The new republic doubtlessly is firmly established. There are no Colombian troops on the isthmus, and satisfaction is everwhere expressed at the new order of things.

The American employes of the railroads and others have been armed with rifles and revolvers supplied by the cruiser Nashville. Together with the latter's men, the volunteers presented a bold front Wednesday and Thursday afternoon's to the Colombians who were threatening the lives of Americans.

Thanks to the stand taken by Commander Hubbard, of the Nashville, the situation was saved.

COLON

Following Panama Is In Hands of the Revolutionists.

Paris, Nov. 6.—The French foreign office today received a despatch from their consul at Panama, confirming the Associated Press despatches of yesterday, from that city, and from Colon. The consul says:

"Colon has now followed the course of Panama, and is passing into the hands of the revolutionists. The transfer followed extended negotiations between the Colombian troops and the revolutionary element. This culminated yesterday evening, when the Colombian troops surrendered and immediately embarked. The change occurred without bloodshed. The U. S. gunboat Nashville and the transport Dixie, with 456 American marines, are co-operating with the railroad company in maintaining order."

Delano Lands 400 Marines.

Washington, Nov. 6.—Commander Delano cables that he has landed an adequate force of marines from the Dixie and that the bluejackets which landed from the Nashville have re-embarked on the Nashville. The Dixie carries 400 marines.

MORE TROUBLE IS PILING UP.

Washington, Nov. 6.—A cablegram ... just been received at the state department from United States Minister ...well, dated at San Domingo City, ...ting that the insurgents are ad...cing on that city, and asking that a war ship be at once sent there. The cruiser Baltimore, which sailed from Hampton Roads several days ago, is now due at San Domingo, and the state department believes that her presence there will be sufficient.

MAN WITH MONEY HAS BEEN LOCATED.

Knoxville, Tenn., Nov. 6.—A special ... the Sentinel from Jonesville, Va., ...:

"It is reliably reported here that E. ... Wentz, the missing millionaire, has ...n located in the mountains of Kentucky. While near Kelley View, it is ...d he met a party of northern friends on a camping tour and turkey hunt. They invited him to join their party and he consented. It is said Wentz has written a postal card to his brother, D. B. Wentz from a mountain postoffice making this explanation of his sudden departure: It is said he is continuing with the party.

TAFT DENIES REQUEST.

Manila, Nov. 6.—Gov. W. H. Taft, ... just denied the request of the foreign consuls against the action of custom officials in supplying samples of goods shipped to the St. Louis exposition.

ONLY UNDER PRESSURE DID VENEZUELA ACCEDE.

The Hague, Nov. 6.—Solicitor General Findlay concluded his argument in behalf of Great Britian before the Venzulean arbitration tribunal today, contending that the war was entirely justified, that all the documents showed it was only under the pressure of the blockade that Venzuela consented to guarantee the blockading powers thirty percent of the customs, and that preferential treatment of the claims of the powers which took part in the blockade, would in nowise prejudice the rights of other powers.

SHAFT HOUSE BURNED DOWN.

Smoke Swept Into the Mine and Suffocated Several of the Workmen.

Butte, Mont., Nov. 6.—The shaft house and boiler house of the Kearsarge mine, near Virginia City, Mont., owned by United States Senator Millard, of Nebraska, burned today. Smoke swept into the mine and suffocated several men working inside. The body of John Tobin has been recovered. Supt. R. B. Turner and two others have been in the mine several hours searching for dead, and it is feared that they also have succumbed.

Later News.

Butte, Mont., Nov. 6.—Later news from Virginia City says Supt. Turner and six other men have been dragged out dead. There are many more men in the mine. Turner was an expert on cynading, and put in many famous cynading plants in the northwest. He came to Montana from Colorado one year ago. The fire is still raging.

REBELLION WAS CAUSED

By Drouth. Town Burned and People Massacred by Infuriated Tribesmen.

Cape Town, Cape Colony, Nov. 6.—Official advices received here fully confirm the massacre at Warmbad, Damara Land, German Southwest Africa, by the Bondelzwar tribesmen. The Germans gallantly fought to the end, but were overwhelmed. It is believed that none of them escaped. Warmbad was burned, Reports of isolated murders of German traders are also coming in.

The rebellion in Damara land is officially attributed to distress caused by the drought.

"Judge" Bacome Arrests J. J. Bible for Expectorating on the Sidewalk—Mayor's Court.

Jonathan Jackson Bible, whose name would suggest better habits than "terbacker chewin'," has the distinction of being the first victim of Lima's anti-spitting ordinance.

J. J. emptied his face on a sidewalk in the presence of "Judge" Bacome, and was hustled into the presence of Mayor Robb, in spite of his profuse apologies such as would make the angels weep. He pleaded guilty to Judge Bacome's indictment, and was assessed $2.00 for the offense.

AUSTRIA AND RUSSIA TO SEND ULTIMATUM.

Constantinople, Nov. 6.—In consequence of the Porte's reply, pleading superfluity of the new reform scheme for Macedonia on the ground that Turkey is carrying out the proposals previously agreed to, it is believed that Austria and Russia will send an ultimatum, giving the Turkish government a fixed term within which to accept the proposals, and in the event of another refusal the two powers will take steps to compel Turkish action.

ANOTHER FOOT BALL VICTIM.

Indianapolis, Ind., Nov. 6.—Frank Shanklin, captain of the Hanover College foot ball team last year, died this morning at a hospital from injuries received in a practice scrimmage in Hanover field five weeks ago.

PARKS WILL APPEAL FROM

Sentence Which Sends Him to Prison. Physician Says Delegate Has Tuberculosis.

New York, Nov. 6.—Sam Parks was sentenced to two years and three months in Sing Sing prison, on the charge of extorting $500.00 from the Tiffany Studios.

It was alleged that Parks as walking delegate of the Housesmiths and Bridgemens union forced the Tiffany Studios to pay him $500 to call off a strike. This is Parks' second sentence for extortion. On the first he was released from Sing Sing on a certificate of reasonable doubt. In imposing sentence today Judge Newburger said he took into consideration the physical condition of Parks who is said by physicians to be suffering from consumption in an advanced stage. Parks, whose customary air of defiance has entirely deserted him, heard the sentence without a movement of feature or outward suggestion of emotion. Dist Atty. James W. Osborn, Park's counsel said that he would in all probability appeal but that no certificate of reasonable doubt would be applied for.

Sam Parks was taken to Sing Sing prison this afternoon.

TO PAY PAUL HE ROBBED PETER.

Newark, O., Nov. 6.—H. J. Hoover, until recently cashier of the Licking county bank and two years ago assistant cashier of the People's National Bank has made a partial confession to People's bank officials that he is a defaulter to the amount of about $36,000.

He said he had been manipulating the bank's books for ten years and by reason of his connection with the other bank, succeeded in replacing funds so as to escape detection until Harry P. Scott, book keeper, discovered it two years ago, and for friendship for Hoover, did not make the defalcation public. There has been no legal action.

EXPLOSION OF GAS KILLED TWO.

Pittsburg, Penna., Nov. 6.—An explosion of gas in a pit at the repair shops of the Pennsylvania railroad here today, killed two men almost instantly. Their names are Wm. HE TOLD HIS STORY

With Such Frankness When on Witness Stand the Court Praised Him.

Decision of Probate Court in Bennett Will Case Relieves Bryan of Any Suspicion of Influencing Testator, But Deprives Him of Legacy. Will Appeal.

New Haven, Conn., Nov. 6.—Decision in the Philo. S. Bennett will case in which Wm. J. Bryan appears both as an executor under the will, and a beneficiary was made by Judge Cleveland, in probate court, today.

The form of the decree will be announced tomorrow, when Mr. Bryan will be present.

The court finds that the sealed letter about which there has been a contest, providing for a gift of $50,000 to Mr. Bryan and family, was not incorporated in the will.

Copies of the decree were handed to attorneys representing Mrs. Bennett, the widow, and Mr. Bryan. When Judge Cleveland took his seat on the bench, an inquiry was made as to Mr. Bryan's whereabouts, and when it was stated that he would be here this afternoon, the judge said he would adjourn court until tomorrow, so that the form of the decree could be announced in Mr. Bryan's presence.

Attorneys for Mr. Bryan said that they were ready for the decree at this time, but the judge thought an opportunity should be given for further decision of the case. He then said:

"I find that the question of whether the will was properly executed, was not raised. I find that it was properly executed and I find that there was no undue influence by Mr. Bryan over Mr. Bennett. It was claimed that the sealed letter should be incorporated in the will. I find that the reference in the will was sufficient as to the sealed letter yet, language in the document itself plainly indicated that the will was executed before that letter was written. There was in existence before the will was executed, a duplicate of the sealed letter. That is considered in support of the contention that that paper was a part of the will. The sealed letter was found with the will. I find that there was no undue influence but that the sealed letter was not incorporated in the will."

The court further said that he expected no opposition as to whether the sealed letter which gives $50,000 to Mr. Bryan and his family can be composed in the will.

"It may be urged" he continued, "that it can be used, but as to that court has no opinion to express."

Attorneys immediately asked the court if a construction had been placed upon the bequest, and the court called their attention to the text of the decision.

Afterwards, Judge Cleveland stated that it was a question whether the probate court had a right to consider the construction of the sealed letter, and it was also a question whether the lawyers in the case could so frame a question in relation to the matter as to bring it within the province of the probate court to consider it.

Newton and Hewitt, counsel for Mr. Bryan in this city, said in reply to a question that although Mr. Bryan had not yet been notified of the decision, he would undoubtedly decide to appeal from it.

The text of the decision includes about 2,500 words. In it the court, after reviewing the evidence, says:

"The testimony of Mr. Dewell, who had known him for a quarter of a century, shows that the testator was a sharp, able business man, a man of decided opinions from which he was not easily turned aside. But whatever presumption, if any, might be raised by reason of Mr. Bryan drafting the will has been in the opinion of the court, abundantly overcome by the evidence. Mr. Bryan, testifies that the idea of a bequest in his favor, so far from being suggested by him or Mrs. Bryan, was a complete surprise to both; a statement in which the court had entire confidence in view of Mr. Bryan's frankness on the witness stand and his evident desire to fully disclose all his relations with the testators and all the circumstances surrounding the drafting of the will. It must also be remembered that the testator had ample opportunity to change his will at any time during the last three years and without the knowledge of Mr. Bryan.

"Mr. Bennett did not in his will forget any of his heirs at law, and made ample provision for the support of his wife. Taking the total amount of the specific legacies into consideration with his estimate of the residue as held in the sealed letter, he thought he was giving his wife $100,000 or or more, absolutely out of an estate which he apparently thought would approximate $300,000. The Bryan's were not the only legatees outside of the widow, and his heirs at law, but the testator besides making liberal public and charitable bequests, made generous provision for relatives who would have received nothing but for the will. Measured by Mr. Bennett's, devotion to Mr. Bryan and to the principles for which both had contended, the bequest of $50,000 to the Bryans, to take effect after the testators death does not seem more unusual than the gift of $3,000 offered to Mr. Bryan while they were comparative strangers, and actually paid during Mr. Bennett's life."

CORONER'S COURT TO BE HELD IN SECRET.

London, Nov. 6.—The real name of George Yangie, the Armenian murderer and suicide, is now said to be Karan and he is described as a prominent Alfarist, who formerly resided at Providence, R. I. His age is said to be about forty. In consequence of the receipt of a letter threatening with death, the Armenians who have been summoned to testify at the inquest November 9, the coroner's court will be closed to public.

SON'S INTENTION CAUSED A MURDER.

Bowling Green, Ky., Nov. 6.—Magistrate Elijah Upton, today shot and killed Tom. Stewart, a well to do farmer. The shooting was the result of the issuing of a warrant by Squire Upton for Stewart's arrest upon the application of the latter's son, following a quarrel over politics.

Stewart had been voting the republican ticket but last Tuesday announced his intention of voting for the democratic nominee. His father entered a decided protest, which angered the young man, and father and son came to blows, Stewart declared he would have his father arrested and swore out a warrant before Magistrate Upton.

The boy's father heard of the son's intention and sent word to the magistrate that if he issued a warrant he would kill him on sight.

Stewart and Squire Upton met on the street today and after some words, the latter shot and killed Stewart.

FLURRY HAS CEASED TO BE

Considered in St. Louis, and General Business Outlook Is Favorable.

New York, Nov. 6—Special telegraphic reports from correspondents of the International Mercantile Agency throughout the United States and Canada, regarding the state of trade, are summarized as follows:

"The intervention of election in eleven states, with a week of mild weather, has served to check retail sales of seasonable goods, notably clothing and millinery, but a canvas of leading jobbers in staple lines at important cities indicates that the season's total business is somewhat in excess of expectations. Boston reports orders for cotton goods larger than a year ago, but merchants show a conservative disposition. At Philadelphia general trade has been of only fair volume, at St. Louis, a little less active at St. Paul, it is increasing, but smaller than a year ago, while in Texas, the volume is not large for the season. Chicago explains that buying has been in smaller lots and that railways operating east are carrying less tonnage. Buffalo elevators are nearly full of grain, and railroads complain of car shortage. Merchants as well as manufacturers say the cut of $4 a ton for steel billets, with accompanying reductions in prices of finished steel, which it is conceded must follow, will hasten the industrial revival which they say must appear when steel quotations show a shrinkage corresponding to that in iron More mills and factories have closed and some have re-opened About 25,000 iron and steel employes are idle temporarily. Some 30,000 iron puddlers will have wages reduced, Nov. 10, unless one or the other side recedes, and about 75,000 coal miners in Colorado, New Mexico, Utah, and adjacent regions will strike on Nov. 9th. Stock yard and traction labor disputes affect Chicago interests unfavorably Philadelphia textile mills report orders slow.

In financial circles, features have been the ease with which Wall street resists the shock, the ease with which gold was engaged for import after the first flush of cotton export bills and the increased firmness of money at the west, where, as Chicago bankers say, continued tension is promised for the next four weeks. The flurry in St. Louis banking circles has disappeared, and collections there in most lines as at Baltimore, Chicago, and Cleveland, are better. At Philadelphia, payments have been prompt in some lines, but slow in others At St. Paul, they are less satisfactory than looked for later. The cotton crop representing $100,000,000 more than that of last year even if no larger, points to further financial drafts to market it. The big rush of corn and wheat to market is yet to come forward although receipts of both are growing. Wheat seeding at the southwest is completed, and needed rains have fallen.

THE STAGE.

People want to laugh when they visit the play-house nowadays and "The Wizard of Oz", the new extravaganza which comes to the Faurot opera house tonight, is said to abound in more wholesome rollicking fun and bright spontaneous comedy than any modern spectacle of recent date. Not only is "The Wizard of Oz" a wonderful spectacular triumph, magnificently costumed and staged by the greatest living producer of extravaganzas, Julia Mitchell, but it has the essential of every great success, a well conceived story with original characters. "The Wizard of Oz" is described as a veritable world of beauty, melody, laughter and delicious fascination to the eye. If "The Wizard of Oz" justifies half of the glowing eulogies paid the production by the New York press, local playgoers who are not too jaded or sophisticated to enjoy a clean, refined spectacle will be brimful of gratitude for this latest achievement in the field of extravaganza.

A Glowing Report and a Growing Church.

No church possibly in the city, has taken on a larger increase in membership and continued growth than the First Church of Christ, west Wayne street, during the past four years of its present pastor. A few months ago Mr. Brundige received an urgent call to become pastor of the First Church of Christ, Findlay, O., to succeed Bro. Growden, at a good increase of salary, but preferred to remain by his work in Lima, believing that there are still larger things to be accomplished in this growing city.

REV. W. A. BRUNDAGE.

The bible school through its efficient superintendent, Wm. Davis, and his excellent corps of teachers and officers, has become a power for good. The Y. P. S. C. E. is one of the most active in the state. Mr. Thomas Long, its earnest president, with his co-workers and trained committees, is leading the way to higher things.

It is the desire of the church to build in the course of a year, if it be possible.

The following is a partial report of the work of the pastor: Number of calls a year 1,000; number of funerals during past four years, about 50; number of weddings, past four years, 76; number of weddings past year 32; number added to the church by letters and conversion 107. Many churches become restless at the end of three or four years, and begin to clamor for a new preacher. Some of the best churches are churches of long pastorates. Mr. Brundige says that he is now in position to do his best work, since coming to Lima, in 1899, and is planning for larger things. May there continue to be that Christian fellowship between pastor and people, and good will from the community at large, which alone can assure success.

FIRST

Oil Well in New Territory Good for 50 Barrels.

Allen County, Indiana, Show for Worthy Successor to Allen County, Ohio.

The Ft. Wayne Sentinel, of yesterday contains the following concerning a new oil development in Allen county, Ind.:

The first oil well in a comparative ly new territory lying a short distance north of Edgerton, was shot at 12:30 o'clock this afternoon, and a most satisfactory result followed.

Immediately following the explosion of the nitroglycerine, oil shot high in the air, followed by water, then came a flow of oil and gas and afterward a good steady flow of oil. The oil is green, and of the best quality and the men in charge of shooting the well, and those who are constructing a tank say that it promises a yield of fifty barrels a day.

A great crowd had been attracted by the announcement that the well would be shot, a number of the people being interested land-owners who have been applied to for leases upon their property. The go-devil was dropped by Leota Anspach, the little daughter of Wm. Anspach, on whose farm the well is located.

The drilling of the well has been under the direction of A. B. Heard, of Meadville, Pa., who holds leases on several hundred acres of land in the vicinity of the well, and who watched the result today with intense interest, as he expects to get some idea of the conditions existing in the surrounding territory. He expressed great satisfaction at the flow of oil and will immediately take up the development of his other leases. Another well will be shot in about ten days on the farm of John F. Rodabaugh.

The well was flowing oil before it was shot, and land owners in the immediate neighborhood, are encouraged to believe that there will be a good production of oil in the new field.

It is expected that the work of tanking the oil, will begin tomorrow, as the natural flow is sufficient to force it into the tanks.

Smith Well Uncertain.

The well upon the Smith farm, near Smith's Mills, also in Jackson township, was shot, Wednesday, but the charge left an obstruction in the casing, and the true value of the well cannot be determined. There was, however, a good showing of both gas and oil, the former predominating. The Benton Oil Co., is doing the work.

THE WEATHER.

Washington, D. C. Nov. 6.—Ohio: Partly cloudy tonight and Saturday with snow flurries in northeast portion; rising temperature Saturday.

Love's asking — Did Dowie do it?"

Cuba is enjoying a period of interrupted punctuations.

Why not give Golf a little more backing? He has an annual pass over Chicago electric street railways, and the steam lines centering there.

Home rule is in the hands of Hanna, Harding and Herrick. These gentlemen will also have something to say about the rate that shall be charged for railroad travel.

With Maryland back in democratic line again, Mrs. Leslie Carter is considering a return to the "Heart of Maryland," with its famous bell swinging scene.

YOU MUST ADMIRE HIM.

You can't help admiring a man who is willing to keep right on going against a good stiff con game. For that reason we like Editor Campbell. He had his pocket picked by the municipal code, and had his purse purloined at the Hanna meeting, yet in the face of these touch ups, he still acts as "capper" for the game Brother Campbell certainly has this one element of greatness to an abnormal degree.

It was absolutely mean in Tammany to take advantage of the republican party in New York city, while Platt was away on his wedding trip.

This was an off year in Ohio, off-er than usual, and as it was in Maryland, and in New York city. It was a little bit off in Iowa.

There may be methods in the madness which made Panama declare independence, and it will not require a great stretch to think out who furnished the method. Uncle Sam was to cross the Isthmus with a ship canal, and up to date, there has been a little chicanery at the Isthmus end of the deal. Something is going to come of all the present trouble.

ECHO FROM THE LATE BATTLE.

Boss-all says if he had been "left alone" he would have elected every man on the republican ticket—what a pity. The indications are, he will be "left alone" in the future.

Meet For Study.

The Sunday school teachers will meet tonight at 7:15 at the Y. M. C. A. for the purpose of studying the lesson for next Sunday. Rev. Curry has charge of the class and all men and women are invited.

BUSINESS

Brisk Enough to Keep Old Employes.

The Erie officials say that business on the line has increased to such an extent that it will not be necessary to discharge any of the trainmen, as announced a few days ago. The same officials say that the report that the boilermakers of the entire system had struck was untrue. Only those at Susquehanna and Huntington went out.

JURY

Has Erie Car Robbery Case

And a Verdict

Is Awaited by the Several Attorneys

Interested in the Prosecution and Defense of Three Young Boys.

Gail Hawkins Was the First of the Trio to Be Tried — Two Prisoners Have Been Sentenced.

Gail Hawkins, colored, the first of the three boys indicted for breaking the seal on a Chicago & Erie box car, and stealing three dozen bottles of beer, was brought over from jail for trial this morning, and is being defended by L. H. Rogers. Attorneys J. N. Hutchinson and Fred Becker, are also interested in the case, having been appointed to defend the two alleged companions of Hawkins, Chas. Tabler and Forest Neusbaum.

The state closed at eleven o'clock, after several of the local police and railroad men had testified to having found Hawkins, at 2 o'clock in the morning, Sept. 15 lying near the track surrounded by several broken bottles and an empty beer case. The broken seal on the car showed where the beer had been secured.

Hawkins went on the stand in his own defense, and explained that he and his companions had drunk several buckets of beer and some whiskey in south Lima, and he was too intoxicated to go home alone. Tabler and Neusbaum offered to accompany him, but when the former reached the car, which was some distance east, he broke the seal and took out the case of beer. Hawkins laid down by the fence and went to sleep, and was found in that condition.

When court convened after the noon hour the argument was begun by Prosecutor Klinger but neither side consumed much time and the case went to the jury about two o'clock. An agreement hadn't been reached at the hour of going to press.

Will Call the Docket.

Judge Cunningham desires the attendance of all members of the bar at tomorrow morning's session, when the second call of the docket and assignment of civil cases will occupy his attention.

Over the Road.

Fred Jackson and Wm. Nichols, who came before the court several days ago and changed their former pleas of not guilty, were sentenced yesterday afternoon by Judge Cunningham, and will be taken to Columbus to begin their respective terms of confinement tomorrow.

They were the first to be handed the punishment which their violation of the law demanded and the sheriff still has in custody a number of others who will follow in due time.

Jackson was indicted for pocket picking, the charge being preferred by Shuy Cohen and his trial was set for next Monday. His plea of guilty probably saved him a longer term in the pen but two years will give him ample time to reflect.

Wm. Nichols confessed to have stolen a team of mares from John Craft, but he pleaded not guilty when arraigned and J. Warren Kilgore was appointed to defend him. The evidence was too strong to give Nichols a chance of escape and he wisely saved the county unnecessary expense. He also, was given two years in which to repent.

One Female Prisoner.

Sheriff Barr had to air the woman's department yesterday evening for the reception of Lizzie Mays, a domestic employed at the home of Mr. and Mrs. C. D. Crits. She was before Mayor Robb on the charge of theft and was bound over to the grand jury in the sum of $100.

A Young Offender.

The extent to which some generally bad boys went in the celebration of Hallowe'en came to light yesterday when Detective Fenstemaker brought Clem McCray before the mayor for throwing a stone through the window of a residence occupied by Marshall Finch, on west Spring street. The stone narrowly missed Mrs. Finch, and damaged a piece of furniture. The boy was bound over to the probate court under a $50 bond.

STORY

Of a Vicious Crime Is Told

To the Police

By a Young Lad Who Was Kidnapped.

Captured and Brought From Toledo to Lima by a Burly Negro.

The Latter Escaped From the Local Police and Had Not Been Apprehended at a Late Hour This Afternoon.

Carl Strauss, a little 14 year old lad from Toledo, told to the police, of this city, last night, the story of one of the most vicious and revolting crimes that has ever been recorded in the annals of the Lima police department. The boy is being detained at the police station as a witness in the event that the criminal who made him his victim, is captured, and his anxious parents in the Lucas county city, have been notified of his whereabouts.

The youth was found in the C. H. & D. yards about 11 o'clock last night by Detective J. B. Watts, of the C. H. & D., who saw the lad climbing out of a box car in a freight train that had just arrived from the north. A colored man was also seen leaving the car, but knowing nothing of the crime that had been committed and supposing that the boy was a runaway, the officer permitted the colored man to go unmolested, and took the youth into custody. After arriving at the police station, the boy, upon being closely questioned, stated that his home was at 130 Canal avenue, Toledo, and that while playing in the C. H. & D. yards, he was picked up by the negro tramp and was tossed into an empty box car of a train that was just leaving the yards. The negro climbed into the car after him, and kept him a prisoner until the train reached Lima and made him the victim of one of the most revolting crimes conceivable.

The police were given a thorough description of the negro, but up to 3 o'clock this afternoon, they had been unable to apprehend him.

Challenge Sent to High School Teams.

Lima Has the Material Which Promises to Help Them to the Championship.

The high school basket ball team will soon be equipped with the necessary paraphernalia for a series of games, and visiting teams will have a chance to play on a floor of full regulation size in Ohler hall. If there is a faster bunch of players in northwestern Ohio that can be developed out of the talent Lima's high school has to offer, they will have to be pretty close to the professional class. Lima should have but little trouble in winning the undisputed championship of the state, and the sport-loving public should give the boys every encouragement this year.

A Girl's Team.

The young ladies of Lima are making preparations to organize a basket ball team, as has been done in many cities. It is a game that can be played with very little roughness, and, gives an opportunity for practice. Rival players would be able to put up a game that would attract large audiences, if only for the novelty of it.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering, for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering, she is a veritable storehouse of pleasing rewards. To those who seek her aid In the year gone by falling hair and grayness have stricken with grief over the lives of thousands of young women but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended Sold by leading druggists Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

HARVARD PIANOS!

The purchase of a piano is something that ought to have serious consideration. To most people the price of a piano seems large. A piano costs more than any other single piece of furniture that goes into any ordinary house. It costs several times as much as anything else, therefore, the utmost care should be given to its selection. The HARVARD is an honest PIANO at an honest price. More Harvard Pianos have been sold in Northwestern Ohio than the combined sales of all other pianos. Those who want a thoroughly good, sweet toned, durable piano in a beautiful artistic case at a moderate price will do well to consider and examine THE HARVARD PIANO. Sold only by the old reliable; 25 years in Lima,

Our special sale lasts 12 long months. Just think of that. We have 20 different makes of pianos and 85 pianos for you to select from.

Remember we have three expert tuners and repairers, Chas. O'Harrow, Mont Euller and Allen Steiner.

HOLLOW EYED AND RAGGED.

Remnant of Negro Colony Sent to Monrovia Brought Back by Employers.

New York Nov 6—Two negro men with three women and four children, hollow eyed and ragged, have arrived here from Europe, enroute to their home in Ocilla Ga., from Monrovia. They constituted a part of the survivors of a party of 56 southern negros, who, about a year ago, were sent by a number of southern philanthropists as an experiment in colonizing American negros in Liberia Financial aid in the colonization scheme was furnished by planters They hoped for the success of the venture as representatives had shown that the soil of Monrovia was adaptable to cotton The colonizers arrived there early in February, and these who have returned say they soon found themselves disillusioned The party built three log cabins and planted their seeds, but the entire growth was rotted or washed out within two months. There were continuous rain for weeks at a time, the natives were hostile, and finally the jungle fever broke out, and brought havoc among the colonists The provisions were depleted and they lived on native roots The party which came back, did so on funds furnished by their former employers

JEWELRY ROBBERY.

Jos. Daller's Store Looted by Burglars Some Time Last Night.

Between Three and Four Hundred Dollars Worth of Watches, Rings and Other Jewelry Secured by the Thieves---No Clue to the Perpetrators.

One of the boldest and most extensive burglaries that has occurred in this city for a number of years was committed last night at Joseph Daller's jewelry establishment which occupies a small one-story frame building adjoining the Meily block in the northeast corner of the public square. Some time during the night, burglars entered the place and then made good their escape with between $300 and $400 worth of jewelry.

The extent of the robbery cannot be accurately given as Mr Daller can only estimate his loss until a complete inventory of his stock is made. Most of the goods taken consisted of new window display of watches, rings, bracelets and other articles of jewelry that had been but recently purchased.

The burglars forced an entrance through a door at the rear of the building and as a precaution against being detected while at their work, they turned down the light that had been left burning in the rear of the store. They then ransacked the place and deliberately selected such articles of value as they wanted from the stock that had not been locked up in the safe for the night. Silverware was evidently too bulky for them, and most of this class of goods was left strewn upon the floor and show cases to be found there by the proprietor of the establishment when he opened the store this morning.

The robbery was reported to the police and a thorough investigation of the case is being made, but no clue was left behind by the robbers to lead to the discovery of their identity or by which they might be apprehended.

KNIFE USED BY A NEGRO.

Joe Moss Seriously Injured in a Fight Over a White Woman.

In a vicious fight that occurrer on east Elm street about 11 o'clock last night, Joe Moss, a well known colorder man, came very near losing his life as a result of being slashed and stabbed with a knife in the hands of a traveling musician.

The man who used the knife was known here as Dudley Himes and the information the police have obtained is to the effect that when the trouble started, he was walking on east Elm street in company with a depraved white woman, who is an inmate of a resort kept by Sadie Vinegar, colored, on north Central avenue. It is alleged that George Moss accosted Himes and had some words with him and that Joe Moss came upon the scene and hit Himes in the face with his fist. The latter thereupon drew a big knife and made a vicious lunge at Joe with it. Joe parried the blow with his left arm and received a deep gash in the arm, the knife blade severing an artery from which blood flowed profusely. Moss then turned to run and was stabbed in the back, another ugly gash being inflicted in his left shoulder.

The wounded man proceeded as far as Grant Stevens' saloon, at Main and Spring streets and became so weak from the loss of blood, that he almost fell. He asked for help and a physician, who was hastily summoned, saved his life by prompt action in preventing a further loss of blood. After having his wounds dressed, Moss was taken to his home on Central avenue.

Himes, who did the cutting, has not been seen since the affair occurred. The police obtained a description of him but have been unable to apprehend him.
